* A Massachusetts Registered Professional Engineer must prepare engineering related items of the Soil Erosion and Sediment Control Plan

Supervisor Responsible During Construction:		
Phone Numbers: (Day)	(Night)	(Email)

The Applicant hereby certifies that the erosion and sediment measures are designed in accordance with BMPs and “**Massachusetts Erosion and Sediment Control Guidelines for Urban and Suburban Areas**”, **May 2003** and will be installed in accordance with those standards and the Plan approved by the Commission and agrees as follows:

1. To notify the Commission in writing at least **72 hours in advance** of any land disturbance activity. Failure to provide such notification may result in additional inspection fees.
2. To maintain a copy of the certified plan **on the project site** during construction.
3. To allow Commission's Agent to enter project property for **inspections**.
4. That any conveyance of the property or portion thereof prior to its completion will **transfer full responsibility** for compliance to any subsequent owner(s).
5. To comply with all terms and conditions of this application and certified plan including payment of all fees prescribed by the Commission.
6. To notify the Commission upon completion of the project and apply for a **Certificate of Compliance**.

The Applicant hereby acknowledges that structural measures contained in the Soil Erosion and Sediment Control Plan area were reviewed for adequacy to reduce offsite soil erosion and sedimentation and not for accuracy of structural design. The Applicant shall retain full responsibility for any damages which may result from any construction activity notwithstanding Commission certification of the soil erosion and sediment control plan. It is understood that the plan submitted with this application shall be valid only for the duration of the project approved by the Town and any changes approved by the Town may require re-certification by the Commission. In no case shall the permit extend beyond three years at which time resubmission and certification will be required.
