From: David A. Lawson, Director  
Norfolk County Mosquito Control District

Date: June 29, 2020

**Re: Notice of Flood Plain Aerial Larval Control Application**

In accordance with 333 CMR 13.05 (2) (a & b), please consider this as notification of a **potential** aerial application targeting mosquito larvae in the Neponset River floodplain, contingent on further field surveillance.

The Norfolk County Mosquito Control District could be conducting helicopter applications of the biorational larvicide Bti (*Bacillus thuringiensis israelensis*) to control mosquito larvae. These applications will be conducted over specific larger floodplains in the Towns of:

**Canton/Dedham/Norwood/Sharon/Westwood areas**

This application could be conducted anytime between July 1-3, 2020

The trade name of the granular formulations of Bti to be used is VectoBac GR (EPA Reg. #73049-486). For further information contact David A. Lawson, Director at (781) 762-3681

Information is also available at [www.norfolkcountymosquito.org](http://www.norfolkcountymosquito.org)
